

# EMBRYO DONATION AS A FAMILY BUILDING OPTION

Many patients come to embryo donation after attempting other fertility treatments. It often takes an emotional shift to consider alternative family-building. Taking the time and space to explore your feelings and understand your choices can help you make informed decisions.

**When it comes to decisions like these, we are here to support you!**

At EM•POWER, we are dedicated to providing education and support services to help patients through their decision-making process, an embryo donation journey (if there is one), and beyond! It is our mission to ensure you have the knowledge to make the choice that works best for you and your family.

## Our Team

**Maya Grobel**  
Recipient Support Specialist  
Mother via Embryo Donation
